

#1888 - Sno King Sno-Kone® Machine

The Sno-King is virtually indestructible under use in the most adverse circumstances or environment. Great for rentals or if you have to move from place to place. For safety you must have one hand on the motor switch and the other pulls the pusher handle down to engage the spinning shaver head. Easy to clean.

Additional Features:

- LLDPE - 1/4" thick cabinet. Insulates to maintain ice
- 1/3 horse power, 1725 RPM motor

Price: \$650.00

#1203 - Shav-A-Doo Ice Shaver

This is one of our least expensive Sno-Kone® machines that carries the Underwriters Laboratory listing. The compact Shav-A-Doo ice shaver is a little smaller than the Sno-Konette. It also now comes with tinted blue acrylic side panels, and the cabinet and motor cover are now powder coated blue. Includes removable Sno Pan with drain and tubing.

Additional Features:

- Powdered Coated Blue Frame
- Blue Tinted High Impact Panels
- Large capacity hopper and commercial duty motor
- Order #1203D for hinged door

Price: \$565.00

#1003S - Sno-Konette UL Sanitation

The Sno-Konette was the world's first complete sno-kone® with display case. The Sno-Konette features a 1/3 HP, 1725 RPM high-speed shaver mounted on an extruded aluminum cabinet. The "motor box" effectively hides the motor. The switches are mounted in the box. To operate, simply lift the pusher handle, fill with chunks of ice, turn on the motor and pull the handle. You can vary the fineness of the finished snow by using colder ice, putting less pressure, or setting the blades to shave more finely. The Sno-Konette could very well pay for itself in one busy afternoon. Shaves up to 500lbs. per hour. Accessories included are the cup dispenser, Sno-Kone® Dipper, Ice Scoop and Drain Pan.

Additional Features:

- Tempered Glass Windows
- Stainless Steel Motor Box

Price: \$765.00
